

**Condition of Approval**

The approval is also based on the following information and conditions:

General conditions of approval:

- Modifications to the vessel and/or amendments to the approved stability information that will affect its validity are to be submitted to Det Norske Veritas AS for approval.
- The provision of adequate stability remains at all times the responsibility of the Master. The Master is to satisfy himself that the vessel's stability, at any stage of the intended voyage, complies with the minimum stability criteria.
